

[Recursion] Just five

```
public static JustFive getJustFive() {  
    if (justFiveInstances == null) {  
        justFiveInstances = new ArrayList<>();  
    }  
    if (justFiveInstances.size() < 5)  
        justFileInstance.add(new JustFive());  
    return justFiveInstance.get(size - 1);  
}  
throw new IndexOutOfBoundsException("Out of size");
```
